NUTRITION

Royal Canin remains committed to making *A Better World for Pets* and are focused on consistently providing the most precise nutritional solutions for cats and dogs. As we continue our journey to be better, we have made significant investments that will allow us to serve more pets now and in the years to come. One of these investments includes upgrading our technology platform for all order processing. **Beginning Wednesday, January 25th, 2023, at 5:00 PM CST through Sunday, January 29th**, we will be undergoing this transition, which will result in a potential delay. **During this time, we will not be able to accept orders or ship product.** While we anticipate a minimal impact, we wanted to be proactive in our communication.
